

Faculty and Staff-

Our district has enrolled in Microsoft Office EES Program. Part of the program we have purchased allows our employees to purchase a license for home use. You are now eligible to participate in Microsoft's Software Assurance Home Use Program (HUP). This program enables you to purchase, through Microsoft, a licensed copy of most Microsoft® Office desktop PC applications to install and use on your home computer.

Under the Home Use Program, you may acquire a licensed copy of the corresponding Home Use Program software to install and use on a home computer. You may continue using HUP software while you are under our employment and as long as the corresponding software you use at work has active Software Assurance coverage.

To access the Microsoft Home Use Program Web site:

Go to <http://hup.microsoft.com/>

Select the country/region.
